L'ABUS D'ALCOOL EST DANGEREUX POUR LA SANTÉ, À CONSOMMER AVEC MODÉRATION

For this new edition of Vertdevin, the 18th, we are pleased to present a magazine with a fairly eclectic selection of wines from several French regions, Italy but also Hungary, Austria and Canada!

In the first part you will find as usual interviews but also focus on beautiful vertical tastings during which we had a lot of pleasure: Château Smith Haut Lafite (Bordeaux), Le Macchiole (Bolgheri) and even with Amarone wine and Virginia wines.

Photo Johannes Brumbauer

In the second part you will find a special report about "Bordeaux En Primeurs", the world largest and most comprehensive report of 2020! Find in this session more than 1,300 scored wines (1.450 were tasted). Before reading this session, please pay attention to the short infographics, to key information that allow us to better understand these vintages. I would like to remind you that it is wine enPrimeur; that is to say unfinished wines, in the process of being created and therefore not complete! This would, if I dare to compare, be like an ultrasound of a baby in the sixth month of pregnancy. Just as for the child this "examination" allows us to have a good idea of what the wine will become without having a fixed, determined and 100% reliable image. The majority of the wines will remain in ageing between 12, 18, 24 and at most 36 months.

Keep in mind also that it would be incongruous to compare a wine from an AOC (appellation) with a wine from a different AOC because we don't expect the same things from these wines, from these different terroirs !

Following that our team (Joanie Metivier, Erika Mantovan, Chloé Cazaux Grandpierre and me) have the pleasure to suggest to you the perfect Buying Guide for this summer !

In the last part, the largest of this magazine you will find a lot of reviews from Bourgogne, Loire, Provence, Alsace, Tuscany (Chianti Classico), Piedmont (don't miss also our Nascetta session, a great indigenous white grape !) and Tokaji.

Enjoy the reading, savor the tastings and read with delicacy our Wine Buying guide.

CHÂTEAU Beychevelle

Meeting with the little " Versailles du Médoc ",
one of the jewels of this Bordeaux left bank

Château Beychevelle is a Médoc property located in AOC Saint-Julien and which was recognized in 1855 as a 4th Grand Cru Classé. This winery has a rich history with roots in the mid 16th century.

The first castle was built in 1565 by Bishop François de Foix-Candale whose niece inherited the property and was married to the Duke d'Epemon. Of course at the time there was certainly vines, but the estate was not geared only towards this activity and was then managed in mixed farming. Subsequently it was partly destroyed only to be rebuilt in 1757 by the Marquis de Brassier. He was one of the main architects of the vineyard and of the renown of Beychevelle wines at the time. Following the French Revolution the property was seized and then sold at auction. It was later bought by a branch of the Brassier family to be sold later. Then the property changed hands three times before being acquired by Achille-Fould family who worked enormously for the qualitative recognition of Beychevelle wines. The estate remained within this family until the death of Aymar Achille-Fould in 1986. At the time, it was acquired by the Japanese spirits group Suntory and by GMF.

In 2010 the shareholding changed with the arrival of the Castel group, which acquired 50% of Château Beychevelle and the rise of Suntory, also now at 50%. Following this arrival, a major project to create a new vat room was launched in order to give Beychevelle and her team a cutting-edge tool to meet their work requirements. After seven long years of reflection and work, the new cellar is inaugurated. Currently the property extends over 94 hectares of which 80 are in AOC Saint-Julien and 14 in Haut-Médoc. On average, Château Beychevelle produces 20,000 cases of Grand Vin (around 240,000 bottles) and 150,000 bottles of L'Amiral de Beychevelle annually. "We work a lot to produce, on average 60% of Grand Vin each year. In 2014 we were more around 70% "

"We try to have systematically in each of our vintages : elegance, concentration, of harmony, a wine balanced..."

We invite you to go together to meet this property and its Managing Director, Mr. Philippe Blanc.

Where does the name of the property come from ?

Philippe Blanc: We owe this name to Jean-Louis Nogaret de la Valette, Duke of Epemon, governor of Guyenne and above all Grand Admiral of the French Royal Navy (Henri III). The name Beychevelle comes from the contraction of the Gascon words ' Beych ' which means 'lower' and ' Velle ' the sail... therefore 'Bateau which lowers the sail'. This name refers to the ancient tradition of the sailors who joined the Port de la Lune (Bordeaux) and who lower the sail while passing in front of the property, a tradition marking respect for the great man or a requirement of the Grand Admiral. The legend is not very clear on this point... However, the fact is that the ships lowered their sails. We also find this story through our label. Some see it as a drakkar, others a Chinese boat, but it is in fact a barge (typical boat of the Gironde) decked out with a griffin. The latter is a nod to the keeper of the wine crater of King Dionysus, God of wine among the Romans.

If you had to describe in a few words what is the spirit of Beychevelle , the team and its wine , what would you say ?

P.B.: It was during my agronomy studies that I discovered viticulture. It quickly fascinated me as much by the practice, the culture of the vine, the wine, the symbolic scope of the product as by the extent of the possibilities and the things to do. In wine there are values, a history and a close link with our culture that I personally do not find in milk or wheat. As far as my arrival at Château Beychevelle is concerned, it happened by chance.

© deepix / Benjamin Duvignac

©deepix/ Benjamin Duvignac

One of my former promotion colleagues was to come to the property. Coincidentally, a last minute event meant that he could not take the job. So he was kind enough to let me know, I applied and I was hired. Since that day I have felt a sense of happiness and a certain honor to occupy this position of General Manager.

By training I am therefore a technician. I certainly had a role of CEO, but I was also very often in the technical field because in 1995 we did not have a large team like today. There was only one Cellar Master, a culture manager with all the qualities and limitations of the time. We then worked to enrich and expand the team with more qualified people or even more qualified than me. It allowed me to delegate as I went. Today, 20 years later, I still have a technical fiber, this is still what I like and what fascinates me in this profession... it is my reason for being.

How do you recognize Château Beychevelle wines blindly ?

P.B.: It's a difficult question and an exercise that requires a lot of humility. I don't think it's possible to systematically find your wine in a shelf... We look for it systematically, sometimes we find it but honestly I am very humble about the tasting because we are so often wrong, we may be more often wrong. So I am really very careful... I would say we try to have systematically in each of our

vintages : elegance, concentration, of harmony, a wine balanced... More simply seeking to make good wines and that makes you want to drink. We are certainly not the only one to do it, to seek it... Is this is what will bring out a tasting, blind, Saint-Julien ? I dare to hope not...

Personally I would add that a nice controlled power, a gravelly / fresh racy side , a strong presence of Merlot at 45/51% (while we are on the left bank) as well as a nice quality of the fruit are also advantages. An other important markers for the property it's a certain richness of tannins.

What are the peculiarities and strengths of the terroirs of Château Beychevelle ?

P.B.: Most of the plots that make the Grand Vin de Beychevelle are located on two plateaus (located at a low altitude) of deep Garonnaise gravels from the Güntz era on a clay subsoil. The first is the southern plateau which starts from the national road to our illustrious neighbor. The second is a plateau located to the north of the winery, it is our jewel! It extends to the bottom of Château Léoville- Barton. It is the grapes from these two plateaus that makeup almost all of our Grand Vin. Here again, this demystifies the role and the magic of blending because overall everything that is produced on its two large groups goes into the first wine... This is also the beauty of our terroir

is that each year it does not. there is no need to wonder if we are going to take 25%, 50% or 75% of our plots but 100%... We are used to saying that if we had only had this plot we would have not classified as a 4th Grand Cru Classé but as a second.

These two blocks have been part of the property since 1855. Our plot has changed little since the classification... We had to increase by a maximum of 20/25% and most of the time it was to make our second more complex, to work on our second label (Admiral de Beychevelle). This wine is not conceived as a second wine but as a real second label, with its own identity, its qualities, its DNA... it is not, like what was done in Bordeaux a few years ago, the wine in which 'we put what remains or the young vines'. We have a specific vineyard dedicated to this nectar... with an average age of the vines of 35 years. We work a lot on this wine... and we are also very proud of it. This is one of our big developments over the past 25 years.

Do you have any plans for Château Beychevelle ?

P.B.: No, we don't really have any short term plans at the moment. But we worked on the internal things such as communication, the picture of the human... In the long term what interests me is agroforestry. it's absolutely incredible, but not easy to implement.

Do you have an anecdote about the property ?

P.B.: My anecdote is going to be classic, but I would say that every day it is a great pleasure to be on this property, to meet people that I would not have been able to meet by being at a yogurt store or whatever. For me, it's part of the happiness that the job gives us. There are a lot of people who tell me that they discovered Bordeaux wine with Beychevelle... It is a real pride for us ! It is also an incredible motivation for me.

Thanks to Philippe Blanc and Géraldine Marquay-Santier for their warm welcome. - J.C.C.

INTERVIEW WITH François Chartier

Molecules, emotions and saké : the perfect blend

Could you please tell us how you came to the world of saké?

François Chartier: Japan and I have a long story... I have always been fascinated by the culture, the philosophy and the gastronomy of this country and therefore by sake. I think our connection really started in 1992, when I was studying for the World Sommelier Competition, to be held in Tokyo in 1995. Then, in 1995, in my first trip in Japan, during the World Sommelier Competition in Tokyo, I was so inspired by all sakes breweries I've visited around Kobe, Kyoto and Tokyo. Two weeks immersed in trying to understand this culture and discovering its richness in depth. As the competition was taking place in Japan, many visits to Kura were organized and allowed me to better understand the complexity of this historical rice noble beverage. Since then, I've visited Japan more than 50 times, and I've studied and analysed sake with my aromatic sciences of Molecular Harmony for matching and understand better the amazing process of production, and the so complex aromatic profile of the different sakes.

In 2017, Ms Wakana Tabata (CEO of Tanaka Shuzoten Brewery, where we craft today the sakes of Tanaka 1789 X Chartier project) called me to find a way to revolutionize and bring something new to her kura. After a few days on the spot I realized that "the art of blending" well known in champagne, sherry, port, whiskies and even Bordeaux Grand Cru wines doesn't exist in Nihonshu universe. This is how began my journey as « Master Blender », and how the project Tanaka 1789 X Chartier was born – I am now also the executive producer of this life changing project. For near than 30 years now my relationship with sake and Japan culture has been unbreakable and the journey just "Re-Beginning".

If you had to describe what is "Molecular Harmonies", what would you say?

F.C.: The aromatic science of "Molecular Harmonies", which I've created in 2002, and published in 6 books, starting with the world best seller **Taste buds and Molecules** and **L'Essentiel de Chartier** (both won the Innovative Best World Cookbook Award) is the scientific explanation of matching: why does a Syrah wine harmonize with pepper? Why does a Daiginjo gain in length with a Litchee? Why parmesan paired with coffee?

Simply by an equation: **1+1 = 3!** (which is an aromatic synergy effect)

The world of aromas is made up of thousands of molecules, however some are dominant and give identity to a product. So after 25 years of research, in 2002, I was able to detect the dominant molecules of the ingredients, and if two ingredients have the same dominant molecules then when they add up, the result obtained is greater than the sum of the parts. **An aromatic synergy is created.** This science allows new ways of creativity and understanding of harmonies in ingredients

with drinks, ingredients with ingredients or drink with drink. This science is used by chef, sommelier and mixologue around the world, but also by foodies, it's not only for professional.

What is the signature of Tanaka 1789 x Chartier sakés?

F.C.: Continue to promote Nihonshu around the world. In order to do this, we will expand the range, Blend 001 will remain the flagship, and in middle of 2021, the Pavillon of Blend 001 will be released. Inspired by the concept of the second wine of the great "châteaux" in Bordeaux. Our Kura also has a small pavillon next door and the story seemed obvious. The Pavillon will follow the same path as its big brother Blend 001: handcrafted, more natural acidity, but a more mouth-filling, sake and textural philosophy, at a lower price than the Blend 001 flagship. Later, at the end of 2021, we will release the "Diamond of Blend 001" which will be lets say the "grande cuvée" which will be a blend of different vintages of Blend 001 (2017, 18, 19 and 2020), with a limited production of 200 bottles, in a ultra luxury souvenir cofret. We will continue to release exclusive blends, like the Daigingo 28% blend 002 (already available from now), as the years go by, based on exchanges, ideas and daily encounters. It would be fun to continue to collaborate and why not with winemakers, spirits producers... to bring new idea! I like to say : "**Tanaka 1789 X Chartier Sake is the oldest new thing in the World!**"

What is your "perfect" molecular harmony with Tanaka 1789 x Chartier?

F.C.: Tanaka 1789 X Chartier Blend 001 sake has a great aromatic versatility due to is crafting process (less polish rice from local variety, different koji use, kimoto and yamahai method, long aging in vat before bottling) and is blending process. The

serving temperature of Blend 001 will make it match with many different dishes. Here we have a unique sake showing a duality for matching with food that goes with sauvignon blanc from Sancerre, as food that match perfectly with chardonnay from Montrachet!

Served at a low temperature of 8 / 10 degrees Celsius (Hana Hie), it will show a taste profile similar to that of Sancerre sauvignon blanc, anise-like taste profile, with crisp natural acidity, allowing it to combine wonderfully with this ingredient profile: fennel, coriander, mint, basil... A ceviche will appreciate the freshness of this sake.

Take the time to allow the sake to gradually warm up to 15 degrees Celsius (Jo on), to see how it becomes more aromatic, with hints of pear, coconut and honey, and also with more umami texture like some Chardonnay, Montrachet style from Burgundy. So the pairings will call for things with more bite: like scallop snacks with a parmesan emulsion. Or as advice the Sake Samurai Xavier Thuiatz, from Hotel Crillon de Paris, during one of our recent tasting, to match it with a large Paris mushroom strain, stuffed then roasted, watercress juice and hazelnut; or another appetizer with a bouillon of blond and brown morels, smoked quail egg, buckwheat-burnt bread broth.

Finally, when it finds its junmai profile rank around 20° / 24°, the simplest and saltiest pairings such as Iberian ham bellota or bottarga (karasumi) are fabulous harmonies. Sakes have this "temperature" which makes them formidable in creating unique harmonies. That's the way we have create the new sake matching concept of "Time pairing". Revolution is on the go.

The "re-beginning" of time...

Thanks to François Chartier for sharing his time - C.C.G.

WEINGUT WACHTER WIESLER

Blaufränkisch at its best!

Christoph Wachter, 33 years old, is the head winemaker at Weingut Wachter-Wisler, standing as fifth-generation making wines on these schist-rich soils of Burgenland. He began working at his family winery in 2008 when he was just 20 years old. He took over full responsibility in 2010. It's hard to say what's more impressive between all the accolades he's got for his wines and his title of "Newcomer of the year" in 2014 from der Feinschmecker or the outstanding authenticity and quality of his wines, vintage after vintage.

Weingut Wachter-Wisler has 14 hectares of vineyards in Südburgenland, in the towns of Eisenberg and Deutsch-Schützen, which both form the viticulture center of the appellation. The unique soil of this small region is quite unique, Eisenberg is the only place where you can find vines planted on greenschist. It's a rich and unique terroir and Christoph really succeeds in letting it shine through his Blaufränkisch with a focus on the particularly vivid mineral spice these iron-filled soils bring to the wines. Eisenberg,

and its hilly vineyards, is the smallest appellation in Austria. Rural and relatively remote, South Burgenland is perhaps best described as quaint. However, the uniqueness of the region, with its distinctive terroir and spicy, mineral wines, has gained strong recognition and respect well beyond its borders. Indeed, this region yields wines based on unmistakable character and individuality.

Wachter-Wiesler has shaped their family winery, which has been established for several decades, into one of the quality spearheads on Eisenberg. The winery philosophy is quite simple: they believe Wine is the most interesting, natural and authentic when you recognize its origin. Christoph is one of the only three producers in Südburgenland who is farming organically. Rather than add fertilizer, he leaves the vines to extract what they need from the soil itself, thus instilling the wines with minerality and allowing them to express their unique terroir. The winemaking is mostly non-interventionist, with lower yields than in the past, extremely truncated yields, with

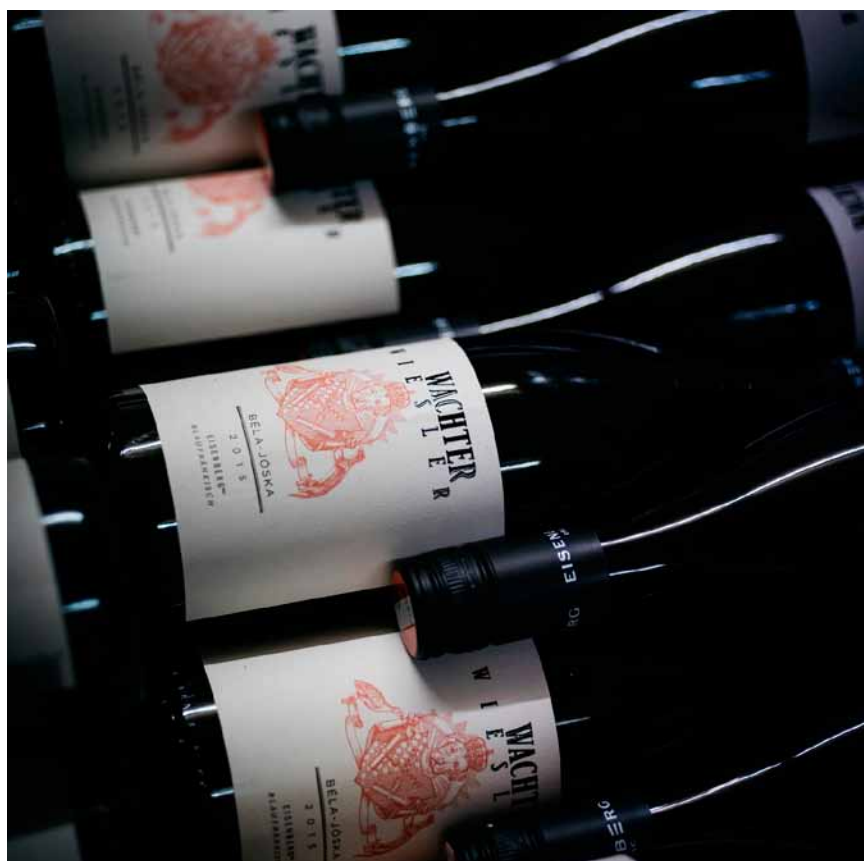

aging in large casks to preserve the fine texture and the great minerality characteristic of this superb terroir. The resulting wines are incredibly elegant, expressive expressions of Blaufränkisch with great aging potential, though they are drinking well right now. This local varietal can be quite fragile and delicate to work with, but with the right care, it can show very fine delicacy and balance. The wines of Wachter-Wiesler are really an example of winemaking, done the right way, for the right reason. No wonder it became a flagship producer for this tiny region, yet to make major waves in the wine world.

*Weingut Wachter Wiesler
Eisenberg, Béla-Joska
Blaufränkisch 2017
Eisenberg, Burgenland*

This blend of different parcels is a fragrant and elegant expression with aromas of crushed fresh strawberry, elderberry, raspberry, and rosemary with a strong but elegant dried floral character of violets and lilac. The texture is silky with bright acidity, dry, moderate tannins and an overall expressive feeling.

Score : 16.5/20 (93/100)

*Weingut Wachter Wiesler
Deutsch-Schützen
Blaufränkisch, 2017
Eisenberg Reserve,
Burgenland*

The Blaufränkisch wines in Deutsch-Schützen in comparison with those from the Eisenberg, can be more succulent and show a bit more opulence and earthiness. The Deutsch-Schützen comes from two vineyards, the Ratschen and the Weinberg. It's a complex mix of spiciness and fruitiness with full-flavored aromas of sour cherry, blackberries, cassis, pepper and clove. The expression is pure and direct and the terroir really shines through with a discernable earthy character, salinity as well as a very rounded and elegant palate. The tannins are very present but lacy and give great length.

Score : 18/20 (96/100)

HIDDEN BENCH

Showcasing the terroir of Beamsville Bench VQA

In Ontario's Niagara region, about an hour east of Toronto, tucked away on the famous Locust Lane wine route, you will find the Hidden Bench Winery. Founded in 2003, Hidden Bench is an artisanal, estate winery situated in the heart of the Beamsville Bench sub-appellation of Niagara.

Perched in the heart of the Niagara peninsula just west of Beamsville, the Beamsville bench sub-appellations only count a handful of producers. However, the "Bench", a narrow terrace covering 6 kilometers in length and 600 meters in width, benefits from deep, ancient limestone-rich soils with optimal drainage and a microclimate tempered by the strong air circulation from Lake Ontario, offers unique characteristics ideal for vinification.

Founded in 2003, with the first vintage released in 2005, Hidden Bench has quickly established itself as a quality cool climate wines with a focus on Chardonnay, Pinot Noir and Riesling varietals as well as for its forward thinking and use of environmentally sustainable practices. It's the idea of "somewhereness" and the ability of Hid-

den Bench's wines to transport you to the vineyard that's so captivating. A quality wine is one that reveals to you what was happening in the vineyard as the grapes were growing and how the grapes were handled once ripe.

Owner Harald Thiel and Winemaker Jay Johnston are both passionate about cool-climate varietals, with their finesse and their delicacy. Their approach to winemaking includes minimal intervention, low-yields vineyards, organic practices, geothermal technology to control the cellar and was the first Ontario winery to generate its own electricity through 105 solar panels. Sustainability and terroir are at the forefront of all their decisions.

Hidden Bench winery has three different vineyards, all with their own unique expressions: Locust lane, Felseck and Rosomel. The Locust Lane Vineyard was the first vineyard purchased by Hidden Bench in 2003 and is the location of the winery and, as such, is the home vineyard. This vineyard is unique in that it has both a West/East slope as well as a South/North slope, providing excellent air drainage and solar exposure. Originally planted in 1998, wines from this vineyard have shown a depth of character, with dark fruit and good tannin structure. The historic Rosomel was acquired only a year later, but was planted 40 years ago. It steadily produces award-winning single-vineyard wines. Felseck means "corner of the cliff" in German and this vineyard is actually situated where the Niagara Escarpment takes a dramatic turn from an East/West direction to a North/South direction. Wines from this vineyard consistently shows great depth, minerality and fruit concentration. The total vineyard area is now around 100 acres, and the last land was planted in 2010. The 66 different blocks on these three

vineyard sites are mostly vinified separately. The vineyards can truly be seen as a precise mosaic acting as unique ingredients for vinification.

Hidden Bench Felseck Vineyard Chardonnay 2017

Beamsville Bench VQA, Niagara

Very rounded nose with rich, ripe pear and peach aromas as well as toasty & buttery notes. The acidity is refreshing with a flinty character and a concentrated, mouth filling, creamy texture. It's a bold Chardonnay with big energy and weight.

Score : 16.5/20 (93/100)

Hidden Bench Felseck Vineyard Pinot Noir 2017

Beamsville Bench VQA, Niagara

Un-fined and unfiltered, this wine is fresh and supple with intense dark cherry and plum aromas. Very fruity style but with hints of smoke, apparent French oak and earthiness that brings complexity. The palate is smooth and finely-grained with graphite character and lots of juicy fruit flavors.

Score : 15.5+/20 (91/100)

COLLECTION 242

The evolution of Brut Premier

@Louis Roederer / Emmanuel&Quentin

Some weeks ago in Paris, he showed up not just simple champagne but a new concept of it, a revolution. The blending of how we know and how we knew about the best seller Maison product, Brut Premier, doesn't exist anymore. Collection is a new idiomatic form of blending, based on a need for change. A challenge for Louis Roederer who wants to benefit from the climate change and enhance the peculiarity offers by the different Champagne soils studied by the Maison teams in the last twenty years because of the decision to approach biodynamic farm practices

Today Roederer is the most important farmer in Champagne with 140 hectares biodynamic off 243. The huge effort has been awarded: Louis Roederer is one of the 22 farmers in the world insert in *"The Robert Parker Green Emblem"*.

Back to Collection, the idea is to select the best parcels from the Montagne de Reims, Côte des Blancs and Vallée de La Marne, to vinified them separately and collect them in order to create the base of a single vintage. Then, another percentage is given by those wines composing by the one called as "reserve perpetuelle" and last but not the least, there is a percentage (from 6 to 10%) of reserve wines aged in wood. This multi-vintage gives at the palate complexity and freshness at the same time but even deep and intensity pointing out the Louis Roederer style.

There is a sense of freedom given by the choice and the possibility to reach the best every vintage and gather all the best grapes tracked during the year, from flowering to harvest. Each Collection will be numbered, the firsts present on the market are 241 (just in Magnum, base vintage 2016) and the 242 (base vintage 2017) each with a personal identity which will be unveiled with ageing, named and maybe catalogue like a book, with the numbers of harvests done by the Maison, born in 1776. I surnamed Collection as a "baby Cristal" because in 2017 the iconic cuvée will not be bottle so all the best grapes picked on different 45 parcels, have been included in the Collection blending. Eventually Collection 242 is so chalky, crispy, fresh, with a lovely roundness in the middle palate. A successful and visionary champagne, the beginning of a new era. A Champagne in the pursuit of taste, the purity, mirror of the soils.

ALTO PIEMONTE

Terroir nobility

There aren't so many cultivars like Nebbiolo able to cast in the glass each shadow, energy and sentiment of soils, and even the microclimate around them.

Normally, Nebbiolo stands for Langhe but there is such a movement in the north of Piedmont... many young farmers are coming back to farming proposing again with modern style wines become famous in the XIX century; in the near future we may say there will be even more thrilling and awesome passion by those people who are looking for wines rich in elegance, verticality and powers. Wines with an unbelievable acidity able to age very well. In each ten denominations produced (Gattinara, Boca, Ghemme, Sizzano, Fara, Bramaterra, Colline novaresi, Fara, Lessona and Valli ossolane) in 30 kilometers, disciplinary allow wineries to use besides Nebbiolo grapes also Croatina, Vespolina and Uva rara. We face to sixty-hundred hectares and one million nine hundred eleven thousand seven hundred ninety-one, bottles produced in 2020.

Below to find our best sip at the **blind tasting** hold by the **Consorzio Tutela Nebbioli Alto Piemonte**.

Rovellotti - Ghemme Riserva DOCG Costa del Salmino 2015

Fibrous, charismatic, it's an increase of material, full of energy. A river always restarting offering great dynamism and power with an elegance to be discovered in time.

Score : 16+/20 (92-93/100)

Podere ai Valloni - Boca DOC Vigna Cristiana 2012

Ripe berries and hints of sage accentuate everything, iodized sensations tell in advance we face into an oceanic freshness. There is a depth and pleasantness in the sip, a wine that appears not to be nearly ten years old.

Score : 16+/20 (92-93/100)

Cassina Pietro - Lessona DOC Pidrin 2015

There is maybe a bit of new oak, felt at the palate but it is extremely positive the results: a solid sip, gorgeous, elegant, huge and embracing. (100% Nebbiolo).

Score : 16/20 (92/100)

Caligaris Luca - Gattinara DOCG 2017

Iodized, material, tannins are very explosive, pressing, time spent in wood still evident. It closes with a river of minerals giving a vertical and compact trail.

Score : 15.5+/20 (91/100)

Platinetti Guido - Ghemme DOCG Vigna Ronco Maso 2017

Nebbiolo 100%, a bit close at the begging, then shows a concentration and different layers of density, the carpet of tannins must be crumbled. Incisively, tight, the fruits will be more expressive with ageing. Lofty potential ageing.

Score : 16/20 (92/100)

Tenute Sella - Lessona DOC San Sebastiano allo Zoppo 2012

It seems that the arrival of the new winemaker from Alto Adige is starting to show the first results. Red citrus, the sip is already open, airy, elegant and always based on the fruits. A change of style for a new, modern, elegance without forgetting the longevity.

Score : 15.75/20 (91-92/100)

Antonioti - Bramaterra DOC 2017

A mix of grapes, (Nebbiolo 70%) melted with delicate and balance; its soften embracing the power of the juices, its inside minerality drags and drops the substance showing all the taste given by all grapes.

Score : 15.75/20 (91-92/100)

Valle Roncati - Sizzano Riserva DOC Roano 2015

Notes of incense, capers, berries, it's pretty deep since the beginning. The palate offers a very impact body driven by an elegance supported by pixels of tannins. There is a special marine substratum that gives sapidity lingering the sip.

Score : 15.75/20 (91-92/100)

Torraccia del Piantavigna - Ghemme Riserva DOCG Pelizzane 2008

A very clear and silky sip, notes of eucalyptus, bitter orange, it's very open, distensive, round. The freshness back the juice leads the wine into a new dimension. Born in 2008, still young.

Score : 15.25/20 (90/100)

Ioppa - Ghemme DOCG Santa Fé 2015

Nebbiolo and Vespolina (15%) for a sapidity and zesty notes slender in dynamic forms ending with vegetal aromas. Elegant the taste with a silky body and tannins well balanced.

Score : 15.5+/20 (91/100)

Cantina del Signore - Gattinara DOCG Il Putto Vendemmiatore 2017

Nebbiolo (100%) so fresh and crisp with herbaceous notes linked to those of bergamot; seem white rather than red. So close at the palate. Tight texture demanding time to wait.

Score : 15.25+/20 (90-91/100)

Canova - Ghemme DOCG Victor 2013

It is true that wines need time to be drinkable. After eight-year spent in bottles, today there is quite a subtle body but showed modern, nimble; a wine in which feel the Alps and the microclimate made by wind, sun, quiet and soft lake salinity.

Score : 15.25/20 (90/100)

Massimo Clerico - Lessona Riserva DOC 2015

One of the most elegant sips in terms of juice. There is a great use of wood for a Nebbiolo made in a classic style, tannins are very fixed, great volume and hints of tobacco and cacao in the end.

Score : 15.5+/20 (91/100)

Cantina Garrone - Valli ossolane Nebbiolo Superiore DOC Priment 10 Brente 2016

Nebbiolo (100%) made in steep hills, the juice is so fruity, longing and energetic, with a very soft layer of tannins. Blueberries always in the background.

Score : 15.25+/20 (90-91/100)

Roccia Rossa - Bramaterra DOC 2016

Formidable, giving, rocks fix at the palate the feeling of the nose: a bit of wood, fruit overripe; graphite, a long sip with great potential ageing.

Score : 15.5+/20 (91/100)

Travaglini - Gattinara Riserva DOCG

Nebbiolo 100%, the most iconic bottle of Gattinara gives harmony but even a vibrant density, a charming intensity in the middle of the palate; tannins are refreshed and moved by a salty finish.

Score : 15.5+/20 (91/100)

Antonino - Gattinara Riserva DOCG San Francesco 2015

It's very floral and open, a wine with a proper harmony on the palate showing a dance of tannins and dainty aromas (roses and matrimony vine).

Score : 15.25+/20 (90-91/100)

La Palazzina - Bramaterra DOC Balmi Bioti 2016

A very powerful nose, explosive, with its red fruits, red citrus; very fresh, savory, chewable, a bit salty in the after taste. A blend of grapes, 24 months of ageing in wood.

Score : 15.25/20 (90/100)

Barbagli - Boca DOC 2016

Nebbiolo (80%) with great purity and balance. There is a controlled substance driven by the wood and the acidity, both able to lead the body in a long and delicate after taste.

Score : 15.5+/20 (91/100)

5 Amarone wines to discover

Secondo Marco 2012 Amarone della Valpolicella

This project was born because Marco need to have a proper space to realize according to its vision wines in Fumane from Valpolicella, Ripasso and Amarone in singular style each. He wish to enhance the juice to get the best possible drinkability; in every seasons before the harvest Marco is looking for the pureness and freshness of the grapes. The use of cement and big barrels allow to get richness, power and more important, an unbelievable elegance. Dynamism and fragrance.

(E.M.)

Santa Sofia Classico Riserva 2012 Amarone della Valpolicella

It is the first Riserva made by the winery which have selected the best old vines to show up the potential and the charisma of the area Montegradello. The Palladian villa present on the label still be very impressive, an symbol of exigence. The wine has been produced just in 2720 bottles, after eight years of wait, the sip is balsamic, spicy but fruity. The powerness is just at the beginning of its path.

(E.M.)

Massimago 2015 Amarone della Valpolicella

A very young and pink winery. The "renaissance" of the winery starts in 2003 with Camilla Rossi Chauvenet, its smile and eyes are visible in the wines, plenty of light, intensity and lightness but it doesn't meaning power is missed. In Mezzane, the wine are all made in a personal and modern style always underlining an elegance naturally presents in this area thanks its peculiar microclimate. We may say the balance is the best feature: juice, power, tannins always melted, all the cultivar are showed up never pretending to be the protagonist.

(E.M.)

Santa Sofia Classico 2016 Amarone della Valpolicella

The nose is fruity, quite aromatic and offers a small power as well as a fine concentration. It reveals notes of stewed plum, violet fig and small notes of strawberry jam associated with touches of cherry jam, violet as well as fine varietal / local biotope hints and discreet hints of chocolate (in background). The palate is fruity, well-balanced and offers juiciness, an acidulous frame, richness as well as a small finesse. On the palate, this wine expresses notes of acidulous plum, crushed redcurrants and small notes of jammy strawberries associated with touches of cherry, acidulous raspberry, prune, hints of cherry blossoms, cardamon as well as a discreet toasted

(J.C.C.)

Valentina Cubi Morar 2015 Amarone della Valpolicella

It's a small and familiar winery in Fumane; a boutique wines made with vines spread in ten hectares located in Monte Tenda, Monte Crosetta and Rasso. The style of vinification looks for the massive presence of structure, offset by a soft and agreeableness juice indeed sip become dry, silky and elegant. Spicy, vanilla and cinnamon notes end all in a roundness given by the ripeness of the grapes.

Bordeaux 2020 vintage *En Primeurs*

2020: a year of contrasts, an extreme year, a year for the wine grower... but an amazing vintage!

Some key information to well-understand the 2020 vintage in Bordeaux:

- Strong autumn heat
- Rather dry and mild months of January and February
- A mild month of March which stimulated the rapid onset of vegetation
- The budding of the vines is early
- April, May and June (until June 20) are temperate and rainy months. A strong mildew pressure has been felt since the start of the vegetative cycle.
- Very early flowering
- Summer (mid-June, July, mid-August) is exceptionally hot and dry (above normal). Some terroirs suffer from too much water stress or even vegetative blockage.
- The rains of mid-August are welcome and allow the great soils not to suffer from vegetative blockage.
- At the end of August, the conditions (cooler nights, some rains, sunshine) relaunched the accumulation of sugars and anthocyanins while slowing down the degradation of acids.
- All this leads to historically early harvests

How are Bordeaux wines, in general, in 2020?

First of all let me say that 2020 is a great vintage! One of the greatest, in my opinion of the last 20 years.

When reading (online) my tasting comments, you shouldn't be surprised to see a number of atypical term associations, sometimes even oxymorons. The wines are often puzzles to describe, they are so complex, they are often the symbiosis of contradictory terms... This is a vintage full of contradictions and richness.

In general, we have wines that are rich but without heaviness, with beautiful balances, powerful but with a certain lightness (not in the sense of thinness) or even with an aerial side ("aerial power"?), Density and finesse. / without heaviness (and dare I say "density in freshness"), quite ripe fruit / offering a beautiful flesh, a small juiciness but still without heaviness, richness... in finesse, an acidity and a freshness that carries...

The matters are regularly creamy but with an aerial character (again!) And not the heavy side of creaminess. We often find beautiful fleshy mouths. Tannins are often numerous, massive, present but at the same time subtle and polished... even silky. To summarize, we find beautiful tannic structures, powerful but melted/polished.

In short, Bordeaux wines in 2020 are delicious, elegant, quite rich and offer a lot of pleasure and great freshness. On the down side, however, was the volume of the harvest! For a majority of producers, the volumes are far from generous.

*In ages past, monks worked
our vines with religious fervor.
For them the land was
sacred, to be treated with respect
and devotion. Centuries later,
these founding principles remain
untouched; the land and its vines are
more bountiful than ever before. Only
our tools have changed, transformed
beyond recognition. An ambitious
new vat room captures the scale of our
determination to improve, to invest and to
advance. Already, it is enabling unprecedented
exactitude and precision, offering wines that are
richer and purer, evoking the delicate nuances of
our world-famous Margaux soils. Château
Prieuré-Lichine is renowned for its distinguished
past, but will be more so for its glittering
future. Our 2015 vintage has recently
been named the greatest in the
history of the estate.*

GRAND CRU CLASSÉ EN 1855
CHÂTEAU
LAFON-ROCHET
SAINT-ESTÈPHE

Si notre volonté est de produire l'un des meilleurs vins du Monde, nous faisons de notre mieux pour le produire en respectant la nature qui nous entoure. C'est dans cet optique que nous avons débuté en 2008 la plantation d'arbres sur notre domaine, dans les vignes comme autour. Notre ambition est d'atteindre les 22 000 arbres plantés d'ici 2022. La nature est un don, il faut la préserver mais aussi l'entretenir.

Wines to discover... and savor this summer !

Camille Giroud Les Chalandins 2018 Vosne-Romanée, Bourgogne

The nose is elegant, racy and offers power (in delicacy), a beautiful finesse of the grain, deepness, a small complexity as well as precision. It reveals notes of bright plum, fleshy cherry, fleshy wild strawberry and small notes of cherry blossoms associated with small touches of rose, cassis, hints of Cuben pepper, racy minerality, spices as well as a subtle hint of bergamote, almond and an imperceptible hint of fresh vanilla bean. The palate is fruity, beautifully defined, racy and offers gourmandize, a small richness precisely controlled, a beautiful roundness, fat, power in control, complexity, finesse, a small unctuousness, dynamism as well as a small acidulous frame. On the palate, this wine expresses notes of pulpy / fleshy cherry, fleshy wild strawberries and small notes of acidulous raspberries associated with touches of crushed plum, toasted, licorice, caramelized almond, cherry blossoms as well as with slight hints of sweet blond tobacco and a subtle hint of cocoa bean. Tannins are elegant, precise and racy. Good length and persistence. (J.C.C.)

Tenuta La Novella Fonte Domini 2016 Colli della Toscana Centrale IGT

A very virtuous project in Chianti is driven today by the young and talented winemaker Simone Zemella. This estate count 188 hectares, the vines have been mapped and divided by their quality and characteristics. Parcels in different latitudes always surrounded by woods. Since 2009 the biodynamic practices are used, the estate in 2018 joined into SIVCB (Syndicat International des Vignerons en Culture Biodynamique). 2016 compared to the previous millésime changes a lot starting from the date of harvest, vinification and aging. Simone made more harvest to get different maturations and aromatic expressions; the presence of the 30-50% compared to 0% in 2015, large barrel and stoneware give a massive stratification to this Syrah: it's deep, full, wine gets a further layer thanks also to the use of 20% stalk and a pH of 3.8, wine comes from a long maceration and passages in ceramic and wood (100% large barrel), the latter re-emerges great. Since the beginning, it is already very elegant and spiced. An emblematic result of who trust himself and vines. (E.M.)

Kurtatsch Chardonnay 2018 Alto Adige Riserva DOC

This region has always accustomed us to tense, long-lived and personal wines. Surrounded by the mountains, many cooperatives like Kurtash allows underline the job done by many farmers selecting and classifying the best grapes then intended in different production ranges. Founded in 1900, Kurtash gathers 190 family, all together counts 190 hectare. This Chardonnay born on the devoted surface of Cortaccia; the soil is rich in gravel and clay, the high quantities of sun allow grapes to get the perfect ripeness. A unique body and mineral skeleton through the sip. It's decisive, fresh. Rich in citrus. Open and distensive in the end. Great. (E.M.)

Wines to discover... and savor this summer !

Pitars - Sèris 2019 Venezia Giulia IGT

In San Martino al Tagliamento, Pittaro family gives its name to the winery located in the land surrounded by Tagliamento river able to typify a special ecosystem, very precious for the entire biosystem. Since dal 2007 the new Pittars generation is among the best spokesman of the sustainability looking by the choice to work in a huge building entirely designed with natural and biodegradable materials, using natural wood of local origin, lamellar beams, iron, natural stone and insulating materials, without the use of cement. The vineyards all around the estate and the river benefit from impressive mineral wealth. The choice of enhancing the white berries is therefore obligatory although the winery also produces other typical wines based on red berries, Refosco and Friulano. A very special Sauvignon, one of the best flagship of the winery and terroir. Because the job was done on the study and yeast selection, the wine still very rich, full-bodied, salty and with plenty of juice. Aromas of citrus fruits and almonds get along well with crystals of minerals. Long and alive potential ageing. (E.M.)

Domaine de Bellevue Gaïa 2018 Muscadet AOC - Vin de Loire

Jérôme Bretaudeau is at the head of ten hectares with the desire to offer both Muscadets typical of their terroirs and exceptional wines. By dint of curiosity, ingenuity, sharing, talent and hard work, he is now recognized as one of the driving forces behind the Muscadet appellation, which is reborn from its ashes. A winegrower of character who devotes himself to the production of exceptional vintages!

In the heart of Muscadet, in Gétigné, he cultivates and vinifies the local grape variety (Melon de Bourgogne) but also Merlots, Cabernets, Chardonnay, without chemicals or pesticides, and using innovative winemaking techniques (aging in concrete eggs, in amphorae, solera...). Gaïa is a wine that combines a rich depth and minerality with a characterful freshness. It envelops the palate with fluid texture and flavorful pitted and citrus fruit aromas. A true delight. (J.M.)

Les Pervenches Le Couchant 2018 Québec, Canada

Véronique Hupin and Michael Marler took over the vineyard located in Farnham in 2000 after extensive research around the world. Composed mainly of Chardonnay, it houses the oldest vines in Quebec of this variety. Beautiful 26 year old vines. It may seem little compared to the old world, but for québec's little patois it is an unexpected success, but also a proof of the potential often underestimated. Unfiltered wine with no added sulphites, the grapes are macerated on the skins for a period of 36 hours and then fermented in French oak barrels. Exuberant nose of exotic fruits. Delicate floral and saline notes reminiscent of certain Muscadet. On the palate, the wine is greedy and fragrant, with a precise and frank finish. (J.M.)

Jacopo Biondi Santi Castello di Montepò Jet Rosé 2019 Toscana IGT

Jacopo and Tancredi Biondi Santi as taken the challenge to create a rosé from Castello di Montepò using the noble Sangiovese Grosso "BBS11" while respecting the heritage of the Biondi Santi family and the values of Tuscan Maremma territory. This Tuscan rosé is slightly coral-colored. Its freshness combined with deep and complex flavors are enough to make you feel classy all summer. It has rich and fragrant aromas of grapefruit, dried poppies as well as rose petals, ripe wild berries, and aromatic herbs. The palate is medium-bodied, with savory notes of fennel and orange zest with striking acidity. (J.M.)

La Vague Junmai Les Larmes du Levant Sake de France

This sake has a lot of personality. It is transparent with shiny straw reflections. The nose is complex with iodine notes and fruits such as apple and cooked pear. In mouth, the attack is tangy. It's full and it shows aromas of forest floor, salty mushroom, cooked rice, citrus fruits (tangerine and orange peel) but also white pepper. The finish is very nice, with a slight bitterness which makes the whole refreshing. It will be very nice with cheese or chawanmushi. (C.C.G.)

Discover wines of the Alsatian winemakers association: "Cercle Gustave Burger"

Who are we ?

The Cercle Gustave Burger bears the name of a founder and first director of the Association des Viticulteurs d'Alsace from 1911 to 1926. He was also a Deputy for the Haut Rhin, a Left Republican.

This think tank was founded by women and men, former managers or young winegrowers, from large and small businesses.

What are our goals:

The goal of the Cercle Gustave Burger is:

- To work for the emergence, recognition, existence and promotion of Alsace wines from places that fully meet the concept of Protected Designation of Origin.
- Encourage the alignment of the Alsatian Protected Designations of Origin with the energy, environmental and social transition by implementing practices that are more respectful of a certain ethics.
- To propose the drafting of specifications allowing the expression of wines from clearly hierarchical places to ensure the sharing of value within the sector.
- To contribute to the creation, recognition, training in tasting and description of Alsace wines that fully assume, including in their presentation, the primacy of the terroir over all other production conditions.
- To defend the affirmation and recognition of a winegrower's right to personal sensitivity in the collective exercise of Alsatian terroirs. The unwavering protection of this individual right guarantees the authenticity and diversity of links to the terroir.

Nascetta

NASCETTA WINES

What is the Nascetta grape? It is a semi-aromatic white native grape of Novello, a village already known for the Barolo production. After ten years from Doc achievement many farmers have started planting Nascetta, today there are 50 hectares and more than forty wineries of which eleven in Novello where production is possible only by the use of 100% of Nascetta. It has been called in 1877 'Anascetta', as "a very delicate grape and exquisite wine" and, if in the past it was used to blend Moscato today Nascetta reborn thanks to the willingness of producers to display a great white wine beside other native Langhe grapes like Nebbiolo, Dolcetto, Barbera and Freisa. The grape is very plastic, sensitive, with an important structure and acidity; its features show an excellent aging capacity, guaranteeing a long-lived and dynamic aromatic evolution in taste and body. Generally, its freshness floods the palate and persists thanks to the savory carpet which, together with the dried fruit, are the creators of a pleasantly juicy and silky sensation. (E.M.)

Fratelli Serio & Battista Borgogno – Nascetta 2020

Tokaji

Disznókő, Tokaji Aszú 5 Puttonyos 2011

Tokaj, Hungary

Bright golden color. The nose is fragrant with floral notes as well as candied lemon wedge and fresh apricot. The style shifts on the palate towards dried apricot and mango flavors as well as honey notes. The acidity gives freshness and good balance to the sweetness.

Score : 15,5+/20 (91/100)

Disznókő, Tokaji Aszú 6 Puttonyos 2008

Tokaj, Hungary

Deep golden color. Compared to the 5 Puttonyos, this wine shows way more spices. The nose has a tropical character with dried pineapple, honey, and citrus aromas followed by the complexity of fragrant spices. The palate is voluminous, with a hint of freshness through the creaminess. The finale ends on toasted notes.

Score : 16,5/20 (93/100)

Disznókő, Tokaji Aszú 6 Puttyonos Kapi 2011

Tokaj, Hungary

Extremely rare single-vineyard wine only three vintages were ever made: 2011, 2005 & 1999. Kapi is a single vineyard plot situated in the upper of the southern slopes of Disznókő. A unique terroir with volcanic clay soil. Pale and brilliant in color, this wine is very delicate and elegant. It's very aromatic with crisp aromas of fresh pear, lemon and lime zest, honey, and fresh-picked flowers. It's fascinating to see such delicate aromas and tastes shine through the overwhelming volume and body of the wine.

Score : 17,5/20 (95/100)

Chateau Dereszla Tokaji Aszú 5 Puttonyos 2016

Tokaj, Hungary

Deep amber in color. This Tokaji Aszú is very smooth and creamy. Its aromas are very aromatic and mature reminiscing of ripe peach, butter, caramel, and orange peel. The palate is rich and heavy with luscious and voluminous volume.

Score : 15,25/20 (90/100)

Royal Tokaji Aszú 5 Puttonyos Blue Label 2013

Tokaj, Hungary

From Royal Tokaji's famous Nyulászó vineyard, this blend of Furmint, Hárslevelű and Muscat de Lunel is a very classic expression of Tokaji. Honeyed apricot, peaches, and honey give it a simple, but fragrant nose. The palate is elegant and rich with hints of citrus flavors that brighten the finish with welcomed freshness.

Score : 15,5+/20 (91/100)

Royal Tokaji, Birsalmás Aszú 6 Puttonyos 2008

Tokaj, Hungary

From the northern Hárslevelű vineyard of Birsalmás this dark gold wine is very expressive and smooth. Its aromas include not only the classic dried apricot and honey, but also an intense sweet spices character and mushroom scent. The palate is minty and rich, not overly sweet with decent acidity.

Score : 16,5/20 (93/100)

Royal Tokaji, Mézes Mály, Aszú, 6 Puttonyos 2009

Tokaj, Hungary

Distinctive by its uncommon loess soil the Mézes Mály vineyard is one of great recognition. Reminiscent of rich and decadent wildflower honey, the nose is very complex, including aromas of dried prunes, figs, cinnamon and brioche. The palate is creamy and voluptuous with a rounded finish. Very decadent wine overall.

Score : 17/20 (94/100)

Oremus, Tokaj-Hegyalja Aszú 5 puttonyos 2013

Tokaj, Hungary

Pale and light gold, this wine is delicately aromatic, white stone fruits such as white peach is dominant joined by acacia, green almonds, candied ginger and fresh carambola. The nose is fine, complex and impressively layered. Very flavorful palate with honeyed texture, coating volume and a mineral backbone that lightens the finish.

Score : 17/20 (94/100)

Béres Tokaji Aszú 5 puttonyos 2011

Tokaj, Hungary

Matte golden colored, Béres Tokaji is an opulent wine. Long barrel aging gives it deep, rich and mature aromas of toasted almonds, macadamia, liquid honey, candied tangerine and dates. The residual sweetness is considerable, even for an Aszú 5 Puttonyos, the palate is heavy and coating with balanced acidity and a slightly bitter finish.

Score : 14,75+/20 (89/100)

Pajzos Tokaji Aszú 5 puttonyos 2008

Tokaj, Hungary

Very light-colored, this Aszú's nose evokes fresh mandarin, honeycomb, peaches and toffee. It has a delightful acid structure. It feels light and aerial on the palate with great balance and freshness. The style is light and simple, but quite flavorful with good intensity.

Score : 15,25/20 (90/100)

Pannon, Tokaji Aszú 5 puttonyos 2014

Tokaj, Hungary

Brass-colored, the nose is rich and concentrated, overripe peach, passion fruit, honey, and light ginger give some punch to the bouquet. The palate is luscious with a smooth creaminess. The finish reveals some oily nuts flavors.

Score : 14,75+/20 (89/100)

Pannon, Tokaji Aszú 6 puttonyos 2013

Tokaj, Hungary

Very aromatic wine with a highly volatile scent. Aromas include rose petals, dried apricot, honey, orange peel, vanilla beans and a lifting minerality. Coating texture, with high acidity to balance out the striking sweetness. It feels light even with its very concentrated taste.

Score : 15,5+/20 (91/100)

Patricius Tokaji 5 Puttonyos Aszú 2016

Tokaj, Hungary

Very light color and light style. This wine is simple and delicate with aromas of orange blossom and peach as well as some light exotic fruits. The palate is smooth and very straightforward. Good flavor concentration, but lack complexity and length.

Score : 13,75/20 (86/100)

Patricius Tokaji Aszú, 6 Puttonyos 2016

Tokaj, Hungary

Heavily botrytised in style. This wine is a very robust and mighty expression of Aszú. The nose is rich and ripe, with sweet peach juice, dried apricot, butter as well as fig and plum character. The palate is full-bodied, massy and fleshy. High structure with a texture that seems to leave a mantle on the palate.

Score : 16/20 (92/100)

Patricius Tokaji, Aszú 6 Puttonyos 2000

Benedecz Dúló

Tokaj, Hungary

Deep amber color, this wine bouquet is very fragrant and full. Classic ripe & dried peaches, apricot and honey meets up with marmalade, lemon confit as well as delicate white tea aromas. The palate is opulent and elegant with smooth, creamy texture without any weight. The bright acidity and spice flavors give a lift for length and liveliness.

Score : 17/20 (94/100)

Dobogó, Tokaji Aszú 6 Puttonyos 2016

Tokaj, Hungary

Lovely complexity with concentrated bouquet of apricot jam, candied ginger, nectarine, beeswax, ripe peaches, fresh lemon juice as well as the sweet, fragrant scent of lychee. The palate is thick and full with tight concentration. It's effortlessly balanced and flavorful.

Score : 17,5/20 (95/100)

Holdvölgy, Culture, Tokaji Aszú 6 Puttonyos 2012

Tokaj, Hungary

Light gold with a brilliant sparkle, this tokaji is quite floral and delicate in style. It has notes of acacia, gardenia and honeydew as well as orange zest, and rich, cooked apricot. The palate is vibrant with high acidity and a coating texture that delivers length and a slight white peppery spice flavor on the finale.

Score : 15,25/20 (90/100)

Erzsébet Pince, Tokaji Aszú 6 Puttonyos 2013

Tokaj, Hungary

Deep gold, this wine shows heavy concentration, and many signs of the rich, warm vintage that was 2013. It's very aromatic, boasting aromas of fresh peaches, heavily sweet and ripe exotic fruits and candied lemon. The palate is creamy and thick, again showing great concentration. However, the striking acidity, although overpowered by richness and sweetness, brings dynamism.

Score : 14,75+/20 (89/100)
